KIT 1931 85193100200

'57 Chevy® Bel Air® Easy Kit

The 1957 Chevrolet® is one of the most popular and widely recognized cars in history, and a true American classic. The '57 Bel Air® two door hardtop is one of the most desirable of the many '57 Chevy® body styles, especially if it is equipped with a factory fuel-injected engine. The legendary Chevrolet small block V-8 grew to 283 cubic inches for 1957, and the fuel-injected versions were among the first American engines to generate one horsepower per cubic inch of engine displacement. With its great looks and easily hot rodded V-8 engine, the '57 Bel Air was, and still is, a hot rodder's and customizer's dream.

Your Revell kit features easy snap and screw together assembly, chrome plated parts, a stock or lowered ride height option, and colorful stick-on graphics. Enjoy building your kit of this All-American classic!

*** REMOVE AND THROW AWAY**
* A RETIRER ET JETER

*** OPTIONAL PARTS**
* PIECES EN OPTION

*** REPEAT SEVERAL TIMES**

Step 15 Sticker Placement Guide

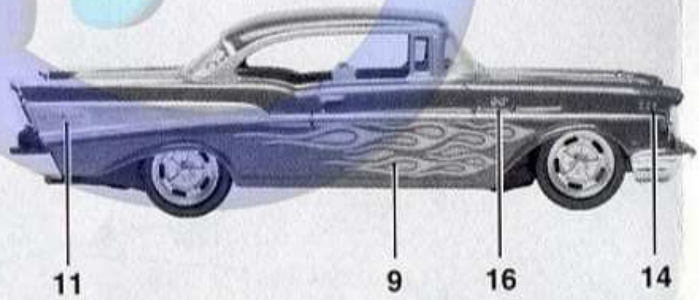

CUT AWAY FROM LINER AND GLUE LICENSE PLATE TO THE FRONT OF THE GRILLE

ANY UNUSED STICKERS MAY BE DISCARDED

NOTE:

When applying stickers, avoid touching the "sticky" side to prevent finger prints on stickers. Bend sticker sheet slightly to lift edge of sticker & use a fingernail to lift sticker from sheet. Line up sticker on body and press an edge into place, slowly working sticker with a fingernail until sticker is fully on model.

REMARQUE :

Pendant l'application des autocollants, éviter de toucher à la face collante pour ne pas laisser d'empreintes. Plier légèrement la feuille d'autocollants pour relever le bord d'un autocollant, et le détacher de la feuille avec le bout d'un ongle. Aligner l'autocollant sur la carrosserie, appuyer pour coller un de ses bords, et continuer de l'appliquer lentement du bout de l'ongle jusqu'à ce qu'il soit complètement collé sur le modèle réduit.
