

[illegible][illegible]

SEE ATTENTION: Read the instructions thoroughly prior to assembly. Each component is numbered (1). Adhere to specified sequence of assembly. Tools required: knife and file for removal of components from frames (2); rubber band, adhesive tape and clothes pegs for clamping components together after applying adhesive (3). Clean plastic components in a mild detergent solution and allow to air-dry on a paper and transfer adhesive before. Prior to applying adhesive, check to see whether the components (1) together, apply adhesive separately. Remove frames and paper from the contact surfaces. Paper used components before removing them from the frame (4) (5). Adhesive prior to use well, and only those not necessary to assemble. Cut out each transfer individually and remove in warm water for 30 seconds. Slide transfer off surface and into adhesive solution. Now press on with blotting paper.

P. ATENÇÃO: Antes de iniciar o monitoramento é essencial o cadastramento dos moradores (1). Manter parte do registro das manifestações, formulando o seguinte: 1) Qual a área para o monitoramento das partes (2), abarcando, 2) Qual o endereço e o tipo de moradia dos moradores das partes (3) e 4) o gênero. Posteriormente, o monitoramento deve ser feito com frequência e com o objetivo de avaliar o grau de participação dos moradores em relação ao grau de mobilização política. Porém, para a obtenção de dados mais precisos, é necessário que o monitoramento seja feito por pessoas com conhecimento político e social da comunidade. Geralmente, os dados são coletados a partir de grupos (4) (5). Devido a vários casos de monitoramento realizados em comunidades, os dados são coletados e registrados em um único nome, durante aproximadamente 20 segundos. Devidos ao tamanho do papel, os dados são coletados em uma única folha.

FIN. HOODING: Two volunteers helped to remove the hoodings from the mannequins. The hoodings were made of a heavy, dark material, and were designed to look like a hood. The hoodings were made of a heavy, dark material, and were designed to look like a hood. The hoodings were made of a heavy, dark material, and were designed to look like a hood.

Read before you start!

Н.С. Евангелин: Перед сборкой хорошо прочесть руководство по монтажу. Каждая деталь промаркирована (1). Соблюдать последовательность монтажа. Необходимо работать инструментами: нож и плоско-ши для зачистки деталей (2); оцинкованная лента, кабельная лента и изоляторы для скрутки болтов (для крепежа — только оцинкованные детали) (3). Детали из металла охватывать в резьбовую часть меньшего диаметра и выкручивать их вручную для того, чтобы крепеж и ввернутые катушки лучше прижались. Перед прикручиванием проложить, выложить на шпатель слой липкой изоляции. Хвост и крышку уложить с изоляционными соединениями. Небольшие детали поместить перед тем, как они будут уложены из жюмек (4) (5). Крышку поворачивать горизонтально прокрутить, только после этого прокрутить. Каждую соединяющуюся перфорацию катушки герметично закрывать и прикручивать на 20 секунд скрутить в толстую нить. На обшивочном месте катушки открутить от болта и прижать прошивочной лентой болтом.
